Allowable Subject Matter

Applicant notes with appreciation that the Examiner has allowed Claims 9, 11, 12 and 15

through 22 as originally filed.

Rejections Under 35 USC § 112

The Examiner rejected Claims 10 and 26 through 30 under 35 U.S.C. § 112, second

paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject

matter which applicant regards as the invention. Specifically, the Examiner points out that Claim

10 recites that the limitation "the eye mounted thereon" lacks antecedent basis, inasmuch as

Claim 9 does not explicitly recite an eye. Without conceding to the Examiner's

characterizations, Applicant has amended Claim 10 to recite "an eye mounted thereon".

In addition, the Examiner has rejected Claims 26 through 30 inasmuch as the phrase

"providing at least one moulded eye mounting area on the sculpture, comprising . . ." is

indefinite because it is unclear whether "comprising" referrs back to "eye mounting area" or

In this regard, and without conceding to the Examiner's characterizations,

Applicant has amended Claim 26 to include the phrase "said eve mounting area" after the word

"sculpture" in order to clarify the claim language.

In view of the forgoing amendments, Applicant respectfully submits that Claims 10 and

26, as amended, overcome the Examiner's rejections under 35 U.S.C. §112. Applicant further

submits that Claims 27 through 30 are similarly in condition for allowance at least by their

ultimate dependency from independent Claim 26. Accordingly, Applicant respectfully requests

reconsideration and early allowance of each of Claims 10 and 26 through 30.
